Biblical Foundations of Financial Wellness Videos

Video	Description	Link
Thinking Right about Your Money	This is the introductory video for the Biblical Foundations of Financial Wellness by Ronald Blue Trust series. It's important to remember that we all have a choice about where we get our truth, the facts and reality, about money. We either get them from the world or from the Word of God. In this video, we take a quick look at what the world says versus what the Bible says in seven key financial areas.	https://www.ronblue.com/video/Thinking-Right-about-your-Money
Is Work Good or Bad?	For most people work is seen as a necessary evil and something we tolerate, hanging on until Friday afternoon. The world has taught us that work is bad and we should do all we can to avoid it and retire as soon as possible. The truth from the Word of God is quite different. Let's dig a little deeper.	https://www.ronblue.com/video/Is-Work-Good-or-Bad
What do I need to know about investments?	There are a myriad of schemes and programs that make us think we can become wealthy if we just make the right investment at the right time. The truth is that people accumulate wealth by spending less than they earn over a long period of time and preserving their wealth with their investments. So how do you preserve your wealth? How should you think about and select your investments? We believe the following principles described in this video will help you choose the right path and stay on it.	https://www.ronblue.com/video/What-do-I-need-to-know-about-investments
Living Within Your Means	The world says you only go around once so enjoy the trip and live as if there is no tomorrow. The mantra is keep up with the Jones. The Bible on the other hand says know well the condition of your flocks and pay attention to your herds, and learn to be content. Financial contentment results from spending less than you make, not from how much you make. Following three keys based on biblical wisdom can help you live within your income and stick to a budget.	https://www.ronblue.com/video/Living-Within-Your-Means
Why do we Give?	Why do we give? The <i>why</i> is the cause, reason, or purpose for an action. Join us as we unpack six insights from the Word of God as to 'why' we give.	https://www.ronblue.com/video/Why-do-we-Give
How Much and How Should we Give?	How much should we give? Most people may think this is a simple, straightforward answer, but first we need to look at the tithe in both the Old and the New Testament. After we determine how much we should give, let's consider <i>how</i> we should give. Discover four guidelines the Bible offers.	https://www.ronblue.com/video/How-Much-and-How-Should-we-Give
How to Think about Income Taxes	You may be wondering if the Bible has anything to say about taxes and it does indeed! Taxes play an important role in our cash flow. Watch this video to learn what the Bible says about taxes, as well as two primary reasons to understand how taxes affect our finances.	https://www.ronblue.com/video/How-to-Think-about-Income-Taxes
The Bank is Calling	Is debt good, bad, or somewhere in between? Simply stated debt is a contract to pay later for what you receive now. The Bible does not condemn or prohibit the use of debt. However, it does give some clear guidelines about the use of debt and some consequences when it's misused.	https://www.ronblue.com/video/The-Bank-is-Calling
Money and Your Children	In this video, we focus on the three forms of capital in which you can invest and how your money and your children intersect. The best way to visualize this intersection is to think of a house. The foundation of the house represents spiritual and social capital, while the house itself represents financial capital.	https://www.ronblue.com/video/Money-and-Your-Children
